Condition 7 is amended by:

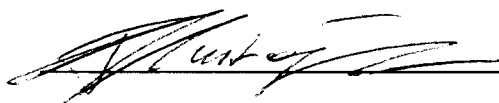

- (i) deleting the full stop at the end of subparagraph (e) and replacing it with “;or”;
- (ii) inserting as new subparagraphs (f) and (g) the following:
 - “(f) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to any European Union Directive on the taxation of savings implementing the conclusions of the ECOFIN Council meeting of 26th-27th November, 2000 or any law implementing or complying with, or introduced in order to conform to, such Directive; or
 - “(g) by or on behalf of a Noteholder, Receiptholder or Couponholder who would have been able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the EU.”; and

- (iii) inserting after the new subparagraph (g) the following unnumbered subparagraph:

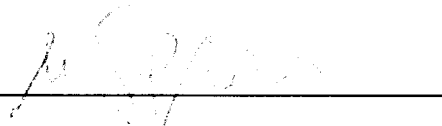

“The European Union is currently considering proposals for a new directive regarding the taxation of savings income. Subject to a number of important conditions being met, it is proposed that Member States will be required to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to an individual resident in that other Member State, subject to the right of certain Member States to opt instead for a withholding system for a transitional period in relation to such payments and subject to the proposals not being required to be applied to Notes issued before 1st March, 2001 or to tranches of Notes issued before 1st March, 2002 and fungible with Notes issued before 1st March, 2001 or where the original prospectus was certified before that date.”

Appendix

1. Indexed Interest

The Indexed Interest Notes will bear interest from and including 3rd October, 2002 to but excluding the Maturity Date, payable in amounts (each an “**Indexed Interest Amount**”) determined in accordance with the provisions set out below. Indexed Interest will be payable annually in arrear on 3rd October in each year commencing 3rd October, 2003 up to and including the Maturity Date (or in the case of Automatic Early Redemption, the relevant Automatic Early Redemption Date), (each an “**Indexed Interest Payment Date**”). The period from and including 3rd October, 2002 to but excluding the first Indexed Interest Payment Date and each successive period from and including an Indexed Interest Payment Date to but excluding the next following Indexed Interest Payment Date is herein called an “**Indexed Interest Period**”. For the avoidance of doubt, there shall be no adjustment in respect of the Indexed Interest Periods.

The Indexed Interest Amount per Specified Denomination for each Indexed Interest Period shall be calculated by the Calculation Agent in accordance with the following formula, provided that; (i) the resultant figure of the formula shall be rounded to the nearest whole JPY, half a JPY being rounded upwards; (ii) the resultant figure of the square bracket shall be rounded to the nearest six decimal places of one per cent.; and (iii) the resultant figure of the square bracket shall never be less than zero:

$$\text{JPY } 100,000,000 \times [15.00\% \times ({}^{\text{FX1}}I_{121.90}) - 10.00\%] \times \text{Day Count Fraction}$$

Where:

“**Calculation Agent**” shall mean Nomura Bank (Luxembourg) S.A, whose determinations and calculations shall be binding in the absence of manifest error;

“**Day Count Fraction**” shall mean 30/360;

“**Interest Determination Date**” shall mean the day that is the tenth (10) Tokyo, London and New York Business Day prior to the relevant Indexed Interest Payment Date;

“**FX1**” shall mean the arithmetic mean of the offered rate and bid rate of the JPY/USD exchange rates, expressed as a number of JPY per USD 1.00, which appears on Reuters Screen Page “JPNU” under the “DLR” column as of 5.00pm Tokyo time on the relevant Interest Determination Date; and provided that if no such exchange rate or rates is or are published on Reuters Screen Page “JPNU” or Reuters Screen Page “JPNU” is not available on the relevant Interest Determination Date, FX1 will be the arithmetic mean of the offered rate and bid rate for USD/JPY as of 3:00 p.m. Tokyo time provided by Bank of Japan which rates appears at DLR/YEN column on the Reuters Screen Page “TKYFX” or a successor page on such date. If neither the “JPNU” nor “TKYFX” page (or such other page as may replace the page on that service) is available on the Interest Determination Dates, then FX1 shall be determined by the Calculation Agent in good faith;

“**Reuters Screen Page “JPNU”**” means the display page “JPNU” on the Reuters Monitor Money Rate Service (or such other page as may replace that page on that service for the purpose of displaying the JPY/USD exchange rates);

“**Reuters Screen Page “TKYFX”**” means the display page “TKYFX” on the Reuter Monitor Money Service (or such other page as may replace that page on that service for the purpose of displaying the JPY/USD exchange rates); and

“**USD**” shall mean United States Dollars.

For the avoidance of doubt, if interest is required to be calculated for a period other than a full Indexed Interest Period, such interest shall be calculated on the basis of a 360-day year consisting of 12 months of 30 days and, in the case of an incomplete month, the number of days elapsed.

2. Automatic Early Redemption

Notwithstanding Condition 5, the Notes will automatically be redeemed in whole but not in part at 100.00 per cent per Specified Denomination (together with the interest accrued) on 3rd October in each year from and including 3rd October, 2005 to and including 3rd October, 2030 (each an **"Automatic Early Redemption Date"**) if FX2 is greater than or equal to the Trigger Rate on the relevant Automatic Early Redemption Determination Date.

Where:

"Trigger Rate" shall mean, with respect to each relevant Automatic Early Redemption Date, 120.90:

"Calculation Agent" shall mean Nomura Bank (Luxembourg) S.A., whose determinations and calculations shall be binding in absence of manifest error.

"FX2" shall mean the arithmetic mean of the offered rate and bid rate of the JPY/USD exchange rates, expressed as a number of JPY per USD 1.00, as of 5.00pm Tokyo time on the Automatic Early Redemption Determination Date, which appears on Reuters Screen Page "JPNU" under the "DLR" column; and provided that if no such exchange rate or rates is or are published on Reuters Screen Page "JPNU" or Reuters Screen Page "JPNU" is not available on the relevant Automatic Early Redemption Determination Date, FX2 will be the arithmetic mean of the offered rate and bid rate for USD/JPY as of 3:00 p.m. Tokyo time provided by Bank of Japan which rates appears at DLR/YEN column on the Reuters Screen Page "TKYFX" or a successor page on such date. If neither the "JPNU" nor "TKYFX" page (or such other page as may replace the page on that service) is available on the Automatic Early Redemption Determination Dates, then FX2 shall be determined by the Calculation Agent in good faith;

"Automatic Early Redemption Determination Date" shall mean the day that is the tenth (10) Tokyo, London and New York Business Day prior to the relevant Automatic Early Redemption Date;

"Reuters Screen Page "JPNU"' means the display page "JPNU" on the Reuters Monitor Money Rates Service (or such other page as may replace that page on that service for the purpose of displaying the JPY/USD exchange rate); and

"Reuters Screen Page "TKYFX"' means the display page "TKYFX" on the Reuter Monitor Money Service (or such other page as may replace that page on that service for the purpose of displaying the JPY/USD exchange rates); and

"USD" shall mean United States Dollars.
